- **FREE and unlimited email accounts**
- **FREE Internet Access**
- **ALL 100 FREE Bonus Gifts**
- **PLUS you have access to a live representative any time you have questions**

And much, much more!

...now that's an **INCREDIBLE** value.

The Fast Cash CD-ROM System program is simple and it works. You become a distributor with us and start your own business selling our unique and proven CD-ROM titles. We send you all of the marketing and advertising materials you need to get started.

Your customers pay you direct, so you get paid first. You can order the CD-ROMs from us in bulk or one at a time. You are not required to purchase any CD-ROMs up front. After you make a sale you can then call us and order as many CDs as you need.

You can purchase the CD-ROMs from us for \$7.00 ea and sell them for whatever price you want. We suggest \$45.95 as your retail price. If you choose to use this price you profit \$38.95 on each sale. You can purchase the CDs AFTER you sell them!

There are **NO SELLING RESTRICTIONS**- with the Fast Cash CD-ROM System you sell retail to **ANYONE** you want, **ANYWHERE** in the world you want at **ANY** price that works for you. This gives you complete control of *your* CD-ROM business.

Once your customer has ordered, you can mail your customer their product directly, or you can participate in our **FREE Drop Shipping Service** and we can mail your orders for you. We'll even package and address the envelope to appear as if the product was coming directly from you. You will find instructions on using the **FREE Drop Shipping Service** in your Fast Cash CD-ROM System manual.

What do you get with the system?

First, you get access to immediately start selling all of our CD-ROM products. The Fast Cash CD-ROM System manual explains various options and ways to use the program.

Second, you get all of the sales materials you need to get started plus a quick start tape and **ALL 100 FREE Bonus Gifts** mentioned in the invitation we mailed to you.

We also provide you with customer service by phone and have a comprehensive online Distributor support web site that provides Free Advertising resources, answers to your questions, provide suggestions, and more.

Our Distributors who are already successful with our program have contributed to our list of "**70 Ways to Sell CD-ROMs with Little or No Money.**" This list is included with the system and I recommend that you start out doing some of the things on the list that they did, as they were successful with the program utilizing the methods on the list.

The "Fast Cash CD-ROM System" also comes with a 100 Day Money Back Guarantee. Once you purchase the program you are given the telephone number to our Customer Service Department if you should ever need to contact them with questions.

When you receive your package in the mail I recommend you thoroughly read through all of the materials we are sending you. **Don't be alarmed when you read about other programs that we offer.** They are optional, and as you would expect, we like most companies, do offer more than one product and program.

It's important to remember that we are a large company. We work with a variety of people with a wide variety of financial dispositions and computer and business experience. It is our responsibility as a company to provide options for everyone... from the person living paycheck to paycheck all the way up to options for people who want to jump on board licensing our products... regardless of which option you choose, if any, you can still begin selling our CD-ROM titles.

While you are reading our materials, please take notes. Once you have read through the materials, you can give us a call and we will answer your questions to help you begin successfully and immediately.

You pay for the products as you sell them. **You keep the profits and get paid first.** You pay us only \$7.00 for the CD **AFTER** you've made the sale.

The \$97.00 is an **incredible** deal... you get access to 8 CD-ROM products you didn't have to create, test, design or manufacture that you can **immediately begin selling, PLUS** sales materials you can use to sell the CD-ROM titles **already created for you to use, PLUS unlimited** use of the **FREE Drop Shipping Service, PLUS** you have access to a live representative any time you need help or have questions, **PLUS** you get all of the **100 FREE Bonus Gifts...** now that's an **incredible** value.

How much time would it take you to develop and create 8 CD-ROM products, create and develop sales materials to sell your products? Then, how much would it cost you to test and have the products manufactured? You simply pay for the products as you sell them. You keep the profits and get paid first. You pay us the \$7.00 for the CD **AFTER** you've made the sale. It is really that simple!

Our system is very simple. The only additional cost you incur is that of advertising which you will have to pay in any business you start. You can have the world's greatest product but if you don't let people know you have it, they can't buy it from you. How much money you spend on advertising is up to you.

When (or if you have already) you received your package in the mail I recommend you thoroughly read through all of the materials we are sending you.

While you are reading our materials, please take notes. Once you have read through the materials, you can give us a call and we will answer your questions to help you begin successfully and immediately.
